Judge H. B. Back was re-elected warden of Danielson and all other candidates were elected without opposition at the annual election Monday. There was very little interest, only 66 votes being cast out of nearly 900 in the borough. Eleven out of the 66 were thrown out as blanks.

Catarrhal deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed deafness is the result. Unless the inflammation is reduced and this tube restored to its normal condition, hearing will be destroyed forever. G. Harold Gilpatrick Expresses Views to Hartford Paper—Two Fires Monday, With Loss From \$15,000 to \$18,000—House of Wm. S. Johnson and Bosworth Block.

Among a number of other interviews with prominent republicans of Connecticut, a Hartford paper prints the following one with G. Harold Gilpatrick of this city, member of the republican state central committee for the Twenty-Eighth district:

"I am a Hughes man," was the refreshingly frank announcement of G. Harold Gilpatrick of Putnam, member from the Twenty-eighth district and state convention delegate. "As to Roosevelt, I am not feeling way down in me that I could never overlook what he had done. Still, if the people all over the country were willing to support him, and the Chicago convention ratified him, I believe I would support him." He is, in that way, for Roosevelt, if Justice Hughes proves unavailable.

Mr. Gilpatrick favors an unplanned delegation from Connecticut; but he thinks that if it is to be decided for anyone, that anyone should be Hughes. He doesn't know of anyone likely to be in the Connecticut delegation who would be of marked hostility to the colonel, but on the contrary, he doesn't think of anybody who would be an ardent supporter of him. As to the inclusion of some leading former progressives in the delegation, well:

"I think that victory isn't everything," he declared at first "that there is such a thing as principle. But then," he added, "the wall between the progressives and the republicans is pretty thin anyway, and should be broken. No, I am not opposed to the progressives. I believe they belong to the republican party. Personally, I like the progressive gentlemen you mention, and would be glad to see them."

FIRE LOSSES OVER \$15,000.

House of William S. Johnson Badly Damaged—Bad Blaze in Bosworth Block—Two Chimney Fires.

Two Monday morning fires here caused damage estimated at from \$15,000 to \$18,000. The first fire, for which the alarm came in about 6.30, gutted the handsome new residence of William S. Johnson, Church street.

This fire had just been extinguished when another alarm was rung in for a blaze in the Bosworth block, Elm street. This fire, discovered shortly after seven o'clock, raged fiercely for a time and flames spouted and smoke poured from every window, threatening destruction to the building, but the situation was well within the control of the firemen, which had the fire out within an hour.

The business firms that suffered losses in the Bosworth block were Ballard and Clark, furniture and hardware dealers and undertakers; S. Diamond, men's clothing and ladies' garments; the Direct Importing company, teas, coffees, spices, candies, etc. All were protected by insurance, as are Bosworth Brothers, owners of the building, which is a two-story structure.

The two serious fires were supplemented by two chimney fires—one on School street, the other on Canal street, during the forenoon, giving the fire department a very busy morning.

Mr. Johnson was alone and asleep in his home when the fire broke out near the heater, in the basement. He was awakened by a choking sensation and found smoke making its way to the upper floors. Hurriedly investigating he found the smoke denser on the main floor of the house and heard the crackling of flames. Seizing a hand grade of chemicals he dashed it against the place where the fire was beginning to show and attempted to make his way to the basement, covering his face with a wet towel so that he might breathe. But even with this precaution he was forced back by the density of the smoke. Mr. Johnson found his own telephone out of order, he says, when he attempted to send in an alarm by that means, so he ran to a neighbor, Herbert Smith's, and got a message out over the telephone there.

Loss \$5,000 or \$6,000. In fighting the fire the members of the department had to cut through partitions in a number of places, but in spite of the prompt and effective measures taken the fire made its way through to the third floor, where it caused damage between the partitions. Great quantities of water were poured into the house and as much damage from smoke. The loss on the house, which was one of the finest in the city and was completed in 1912, and the damage to contents was estimated Monday at from \$5,000 to \$6,000. Mr. Johnson could not estimate his loss.

republican standard bearer of the party in the coming fall's campaign. It is claimed from this source that while the Windham delegates as a whole do not favor Roosevelt for the nomination they will support him if the Chicago convention name him as the candidate.

GETTING NEAR \$1,000,000
Deposits and Resources of Windham County National Bank Increasing Rapidly.

That business is booming and prosperity in Danielson can be seen by the steady and continual growth of deposits in the Windham County National Bank. Their deposits have just reached a new high mark of \$650,000, and the bank's total resources are now over \$850,000.

The Windham County National Bank has faithfully served this community for the past ninety-four years and it is freely predicted by those who have carefully followed the bank's growth and management for the past few years and particularly the past two years, that their deposits and resources will soon pass the one million dollar mark.

Mrs. C. A. Russell was in Hartford Thursday and Friday.

accurately. He is protected by insurance.

Mr. Johnson had returned from Boston, where he had been receiving medical treatment for a week past, only Sunday evening and was preparing to return to Boston Wednesday.

In responding to the alarm for the Johnson fire the Eagle Hose company No. 2, had its regular driver, John Levesque, quite painfully injured. Levesque, who happened to be riding on the side of the truck, had his coat caught in one of the wheels. He was whirled off the truck and run over by it, receiving a severe injury, and possibly fracture, to his leg. Monday afternoon arrangements were being made to have an X-ray examination made of the injured leg at the hospital.

Fire Started in Office. The fire in the Bosworth block started in the office of the Ballard and Clark store. There was a stove in the office, but whether the stove or defective light wiring caused the fire had not been determined on Monday. The fire ran up the wall to the ceiling and was making its way to the second floor when the firemen got it under control. There is heavy smoke and water damage to the stock of furniture, carpets, art squares and rugs and other household goods on the second floor, which was occupied entirely by the Ballard and Clark firm.

Loss on Stock Heavy. The loss on the stock on the first floor will also be heavy for this firm. N. A. Ballard, who has been ill at his home for a week, said Monday that he could not tell exactly at what figure to estimate his damage. It is believed, however, to be no less than \$5,000 and may be more. S. Diamond's loss is almost exclusively from smoke. A very little water got into this store but not much of his furment stock is smoked, nevertheless, and he will be among the claimants for damage, to which is entitled. The Direct Importing company has a loss of about \$500 on their stock of teas, coffee, spices, candies, etc.

A feature that proved very popular Monday was the singing of the songs of the Maxwell and Stanton. As the comedian of the show, Mr. Ott made a big hit.
